Waterfall & O'Brien	138 Forest Road, Fishponds, Bristol, BS16 3SN	<a href="http://www.waterfallobrien.co.uk">www.waterfallobrien.co.uk</a>	0117 958 3448	x	✓

#### Some benefits of soil testing:

- Increase productivity through identification of soil or nutrient factors that may be limiting plant growth
- Increase profitability through using fertilisers more efficiently; right fertiliser, right place, right time

#### Some benefits of forage testing:

- Increase profitability through understanding nutritional value of forage to allow for efficient expenditure on feeds
- Increase productivity through improved livestock feed efficiency

Costs for a simple pH, P, K and Mg soil test is around £8–£10 per field, but can vary depending on what other tests are included.  
PAAG – Professional Agricultural Analysis Group.

We have tried to include all companies but if you are not included on the list, please email [Chloe.Mckee@ahdb.org.uk](mailto:Chloe.Mckee@ahdb.org.uk)
