### Privacy Statement

We take the privacy and security of your personal data very seriously. Our purpose for collecting the information required on this Herd Genetic Report third party authorisation form is to enable AHDB to administer your and third party access to your Herd Genetic Report, including identifying the herd in our data set. We will also use your data to enable AHDB to contact you about updating who has access to your herd genetic information through third party authorisation requests. We will never sell your personal data to third parties and the sensitive business information you provide will be treated as 'commercial in confidence'. For information on your data rights and for further detail on how we use and protect your data and how you can contact us, please read the privacy of your personal information statement on the Herd Genetic Report page <https://ahdb.org.uk/herd-genetic-reports>.
