(C) = yield control. Over-years data for PT206 are unavailable as the variety has not completed National Listing. Not all varieties on the HGCA Recommended List are present in these harvest results, since the focus is to test new varieties. Yields for well established varieties on the RL are available at [www.hgca.com/varieties](http://www.hgca.com/varieties). The HGCA Recommended Lists are managed by HGCA on behalf of a consortium comprising AHDB, BSPB, nabim and MAGB. HGCA is a division of the Agriculture and Horticulture Development Board. HGCA and other consortium members seek to ensure that the information contained in this document is accurate. However, subject to the operation of law no liability is accepted for loss, damage or injury howsoever caused or suffered directly or indirectly in relation to information and opinions contained in or omitted from this document © 2011 AHDB
