Red Tractor Assurance Scheme

Founded in 2000, Red Tractor is the largest farm and food assurance scheme in the UK and has strict standards that cover all aspects of food production. Red Tractor standards apply to the whole supply chain, from feed ingredients to pig production, transport, slaughter, processing and packing. This includes pig welfare, food safety, traceability and environmental protection requirements. The scheme sets out to maintain, develop and promote assurance standards for the benefit of its members within the pig meat industry. Buying food with the Red Tractor logo is your assurance that it is safe to eat, produced responsibly and is traceable from farm to fork.

红色拖拉机保证计划

红色拖拉机计划创立于 2000 年,是英国规模最大的养猪场和食品保证计划,标准严格,涵盖了食品生产的方方面面。无论是饲料还是养殖、运输、屠宰、加工和包装过程,整个供应链都采用红色拖拉机计划标准。此外,它也充分考虑了牲畜福利、食品安全、追踪管理和环保要求。该计划致力于维护、制定和推广质量保障标准,以惠及猪肉行业内的从业人员。购买带红色拖拉机计划标志的食品,您完全可以放心食用,其生产过程非常可靠,您也可以跟踪从养殖到食用前的每个环节。

Quality pork from Britain

The British pig industry is highly specialised and professional, producing high-quality pork and pork products for increasingly demanding and sophisticated consumers. There are about 10,000 pig farms in the UK, but around 92% of production comes from about 1,600 assured farms.

The relatively dry climate of the eastern part of the UK has encouraged outdoor units for pig rearing and finishing activities. In the UK, 42% of the commercial breeding herd and 20% of weaner pigs are kept outdoors. Growing and finishing pigs that are reared indoors are often housed in straw-bedded systems.

Commercial pigs in the UK are nearly all hybrids, mostly derived from a background of genetically improved Large White and Landrace crosses, including genetics from other breeds such as Duroc and Pietrain.

The use of antibiotics as growth promoters is specifically prohibited, as is the use of hormonal growth-promoting substances.

We produce a range of products in the UK for export, from primal cuts to offal and variety meats.

英国生产的优质猪肉

英国的养猪业已经高度专业化和职业化,可以生产优质猪肉及猪肉产品,以满足消费者日益严格和精致的需求。英国大约有 10,000 个养猪场,但 92% 左右的猪肉来自于大约 1,600 个可靠养猪场。

英国东部地区相对干燥的气候适合在户外养猪并进行加工活动。在英国,42% 的商业种猪和 20% 的断奶猪都在户外饲养。而对于室内饲养的生长育肥猪,猪舍中通常垫有干草。

英国的商品猪几乎都是杂交猪,大多是将基因改良以后的大白猪与长白猪进行杂交而来,包含了其他品种的基因,如杜洛克猪和皮特兰猪。

我们明确禁止使用抗生素来促进生长,也禁止使用生长激素。

在英国,我们生产各种各样的出口产品,包括精选肉、内脏和猪杂肉。

Pig offal and
variety meats
猪肉内脏和猪杂肉

Hind shank/Hock
猪后肘

MLC Code: **X51202**

Patella

AHDB is a statutory levy board funded by farmers and others in the supply chain. Our purpose is to be a critical enabler, to positively influence outcomes, allowing farmers and others in the supply chain to be competitive, successful and share good practice. We equip levy payers with easy-to-use products, tools and services to help them make informed decisions and improve business performance. Established in 2008 and classified as a Non-Departmental Public Body, AHDB supports the following industries: meat and livestock (Beef, Lamb and Pork) in England; Dairy in Great Britain; and Cereals and Oilseeds in the UK.
