Weekly Corn Returns: Ex-farm prices

[Return to table of contents](#)

These prices are collected weekly under the 1882 Corn Returns Act (as amended). The prices are weekly averages from Friday to Thursday weighted by the volumes traded, both UK wide and for a variety of regions. They give an indication of ex-farm values but coverage depends on tonnages traded.

For the week ending:
Thursday 10 October 2019

NOTE:

UK "premium malting barley" includes both winter and spring varieties, therefore the averages reported are not representative of either grade.

Also, the proportion of winter and spring varieties varies from week to week and between delivery periods.

Published prices may include both old and new season trade.

Please note that "0" value denotes either where no tonnage has been submitted or through validation has been removed

Vol 14, Issue 16

UK delivered prices

[Return to table of contents](#)

Average UK delivered prices to a range of regions. Prices collected weekly as at Thursday's close.

Source: AHDB

*There will be no FoB prices published this week. At present the UK export market is greatly pressured by Brexit uncertainty and the potential for tariffs post-October in the event of a no-deal. As such, trade for this period has seen limited purchases. So far this season we have seen large volumes traded and ports are reportedly "near to full" for October with limited opportunities for new export trade.

NOTE:

¹Representative values.

Vol 14, Issue 16

UK feed ingredient prices

[Return to table of contents](#)

In the UK, animal feed demand equates to approximately 45-50% of total wheat usage and 60-65% of barley usage. The price of other ration components can impact the price of and demand for compound feeds, thus impacting the potential cereals feed demand and prices.

As at:

European delivered prices

[Return to table of contents](#)

Both the European delivered and International grain prices, give an indication of how competitive UK prices are in a European and International context. If the UK is more competitive than other origins, there is greater potential for UK exports with the opposite true if the UK is less competitive.
