NOTE:

UK "premium malting barley" includes both winter and spring varieties, therefore the averages reported are not representative of either grade.

Also, the proportion of winter and spring varieties varies from week to week and between delivery periods.

Published prices may include both old and new season trade.

Please note that "0" value denotes either where no tonnage has been submitted or through validation has been removed

UK feed ingredient prices

[Return to table of contents](#)

In the UK, animal feed demand equates to approximately 45-50% of total wheat usage and 60-65% of barley usage. The price of other ration components can impact the price of and demand for compound feeds, thus impacting the potential cereals feed demand and prices.
