Deadweight Sheep

STANDARD QUALITY QUOTATION REPORT

Category:	New Season Lambs	Current period:	16/06/2024 - 22/06/2024
Region:	Great Britain	Compare period:	09/06/2024 - 15/06/2024
Units:	Number (head), price (pence per kilogram)	Dressing Specification:	KKCF and diaphragm skirt off

With effect from week ending 25 November 2023, there is a change to deadweight sheep price reporting to help standardise dressing specifications across the survey. Further information can be found on the website.

The AHDB deadweight sheep price series is collected from a voluntary sample of abattoirs in Great Britain. The data is collected weekly and published every Wednesday for the previous week (Sunday to Saturday). Abattoirs submit the price, weight, fat class and conformation of all their prime sheep procured deadweight, regardless of scheme, breed or organic status. The prices shown are in pence per kilogram, excluding VAT and represent the average payable for the animal upon delivery to the abattoir, before deductions (e.g. procurement, transport, insurance, inspection, levy).

It is important to consider that the abattoirs contributing to the survey use a range of dressing specifications. From week ending 25 November 2023, the survey applies adjustments to the weight and price to help standardise the dressing specifications to report a price based on kidney knob and channel fat (KKCF) and diaphragm skirt removed.
