

# Harvest grading team daily checklist

You play a vital role in helping minimise bruising at all handling points. Use this sheet to remind you of the hazards.

WHERE BRUISING CAN HAPPEN	CHECKED
Are you helping trailers reversing up to the hopper? <i>Note: make sure you are wearing a high visibility jacket.</i>	<input type="checkbox"/>
Are you checking trailer doors are not catching potatoes already in the hopper?	<input type="checkbox"/>
Are you keeping the grader clean and inspected for wear?	<input type="checkbox"/>
Are worn parts being replaced?	<input type="checkbox"/>
Are potatoes flowing over the grader evenly?	<input type="checkbox"/>
Are you reporting problems like clods and damage back to the field?	<input type="checkbox"/>
Are you watching that boxes are not being overfilled?	<input type="checkbox"/>
If any box has been overfilled are you checking that they are not being stacked on top of one another?	<input type="checkbox"/>
When loading into a bulk store are you keeping the elevator drop height to a minimum?	<input type="checkbox"/>
When filling a bulk store are you layering the heap and not piling?	<input type="checkbox"/>
Is a foam mat in use when loading bulkers?	<input type="checkbox"/>
Are people being stopped from walking on bulk loads?	<input type="checkbox"/>
