MEDICINEHUB

Data Entry

Data Entry

There are several ways to submit data to Medicine Hub. Help me choose.

) Total medicine use

Select this option if you only want to provide total medicine use data (including antibiotic use).

Full medicine book

Select this option if you would like to use the Medicine Hub as a full medicine book for recording individual and group treatments.

Medicine Hub Excel templates

Select this option to download a Medicine Hub Excel template to your computer which can be used offline and to upload completed Excel spreadsheets.

Upload csv files from software

Select this option if you would like to import data from an external source, e.g. herd/flock software.

- Medicine Hub requires two types of information to produce reports
 - Medicine usage (incl. product name and amount)
 - Number of animals within the enterprise
- Select the most appropriate data entry method for the enterprise (see further information at the end of this guide)
