

Medicine Hub

Quick start guide for Farmers

What you need to get started

- County Parish Holding Number (CPH) and Herd/Flock numbers
- If entering data for cattle you will need your CTS web service user ID and password in order to link to your CTS account*
- Details of medicines used during the year
- Animal population – this is entered after all medicines when submitting a completed medicines return

*This can take up to 14 days to arrive from BCMS and they are the same credentials you use to link your farm management software to CTS.

Registration & Logging in

 SIGN IN

Don't have an account? [Register now](#)

- Go to <https://medicinehub.ahdb.org.uk/>
- If it's your first time logging in then click **Register now** and complete the details
- Once registered you will receive an email with a one time passcode in order to log in

Setting up Enterprises

[Add & Manage Enterprises](#)

[Purchased Medicines List](#)

Choose an Enterprise

Please select an enterprise from the list below or search for it by business name, enterprise name, postcode, holding number, CRN or herd/flock number.

i If you cannot find your cattle/sheep enterprise, please [contact AHDB](#)

Search for your enterprise by business name, enterprise name, postcode, holding number, CRN or herd/flock number

You are not the owner of any enterprise, nor do you have permission to view any enterprises as a third party. You can create a new enterprise by clicking the "Manage enterprises" button in the navigation bar.

- To add an enterprise click on **Add & Manage Enterprises**

- Complete the required fields

- Repeat this step for each of your enterprises that you wish set up

- Once all enterprises are added click **Return to Enterprise Selector** and select the enterprise you want to enter data for

Create new enterprise

Please complete the form below to create a new enterprise.

Search:

Business name	Enterprise name	Vet practice name	Address	Data entry permission	Date granted	Data access since	
Demo Farms Ltd	Dairy Herd	AHDB Test Vet Practice	Stoneleigh Park, Kenilworth, CV8 2TL, England	View, enter and submit	12th Jul 2021	All	EDIT REVOKE

Showing 1 to 1 of 1 entries

[Previous](#) [1](#) [Next](#)

- Add Vet Practice Permission

- Permissions can be edited or revoked at any time

- Assigning other third party individuals is done in a similar way

Assigning your vet

Add vet practice permission [close]

Please complete the form below to give permission for a vet practice to access data for your enterprise(s).

Vet practice [Search by vet practice name] [My vet practice isn't listed]

A single enterprise [Search by enterprise name]

All of my enterprises

All of my [Please select] enterprises

Data entry permission [Please select]

Date user has data access from [] [calendar icon]

[CANCEL] [ADD VET PRACTICE PERMISSION]

- Select your vet practice from the drop down list
- Select which enterprises your vet can see
- Select the level of access for your vet from the following:-
 - View only
 - View and enter
 - View, enter and submit**
- If this field is left blank your vet will have access to all of your data

Data Entry

Data Entry

There are several ways to submit data to Medicine Hub.

Total medicine use
Select this option if you only want to provide total medicine use data (including antibiotic use).

Full medicine book
Select this option if you would like to use the Medicine Hub as a full medicine book for recording individual and group treatments.

Allocate purchased medicines
Select this option if you would like to submit returns for all of your enterprises at once by allocating your purchased medicines.

Medicine Hub Excel templates
Select this option to download a Medicine Hub Excel template to your computer which can be used offline and to upload completed Excel spreadsheets.

Upload csv files from software or Nottingham AMU calculator
Select this option if you would like to import data from an external source, e.g. herd/flock software.

- Medicine Hub requires two types of information to produce reports
 - Medicine usage (incl. product name and amount)
 - Number of animals within the enterprise
- Select the most appropriate **data entry method** for your enterprise (see further information at the end of this guide)

Individual Enterprise Reports

Antibiotic Use Report for 2018

AHDB Test - My Lamb Finisher Flock (Sheep Enterprise, Lamb Finisher/store Producer)
Country: England, Post code: CV8 2TL, Holding number: 11/222/3333

Return submitted on: 3rd Feb by jennifer.newman+testfarmer@ahdb.org.uk

Data source: farm treatments

Antibiotic Use Report | Medicine Use Report

Antibiotic use in 2018

	Total use		HP-CIA use	
	2018	2017	2018	2017
Total antibiotic use (mg/kg)	↑ 39.94	33.33	↔ 0.00 (0%)	0.00
Use of topical antibiotics (e.g. sprays, eye treatments, footbaths) (mg/kg)	↓ 5.80	11.59	-	-
Total antibiotics given to neonatal lambs (mg/kg)	↔ 0.00	0.00	-	-
Oral antibiotics given to neonatal lambs (mg/kg)	↔ 0.00	0.00	-	-

Note: Symbols indicate direction of change in use in the selected year compared to previous year.
() show HP-CIA use as % of total use

Antibiotics given to neonatal lambs can only be reported where **Age at treatment** information is entered for all products/treatments.

More details about the metrics presented in this report can be found [here](#)

Medicine Use Report for 2018

AHDB Test - My Lamb Finisher Flock (Sheep Enterprise, Lamb Finisher/store Producer)
Country: England, Post code: CV8 2TL, Holding number: 11/222/3333

Return submitted on: 3rd February 2021 by jennifer.newman+testfarmer@ahdb.org.uk

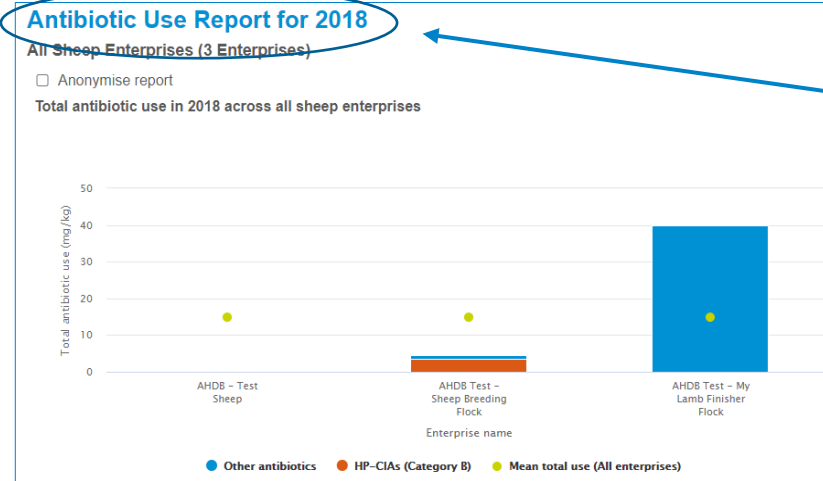

Antibiotic Use Report | **Medicine Use Report**

Antibiotics

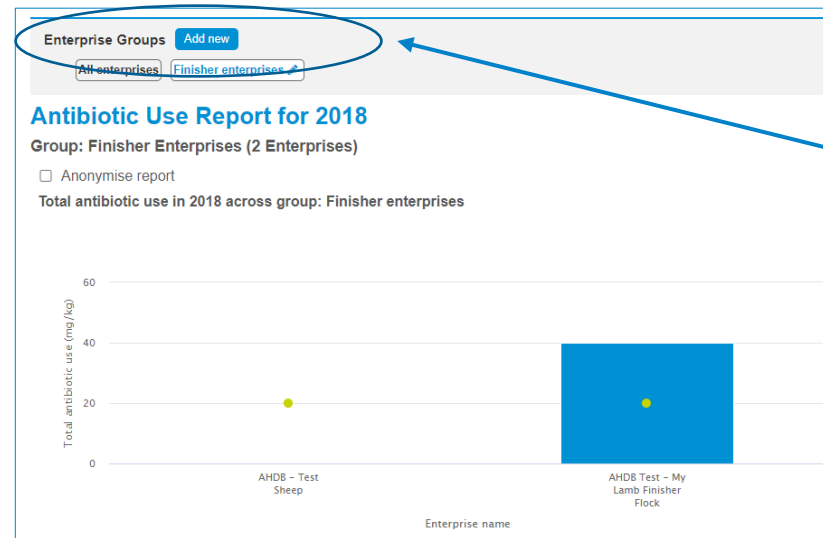

Product	Antibiotic class	Active ingredient	Quantity used	Rolling average (last 3 periods) mg/kg*	2018 mg/kg
High priority critically important antibiotics - Category B Restrict					
None used					
Other antibiotics - Category C Caution					
Pen & Strep Suspension for Injection ‡	Beta-lactams	Benzy/penicillin	200 ml	0.00	6.61
	Aminoglycosides	Dihydrostreptomycin		0.00	14.49
Other antibiotics - Category D Prudence					
Alamycin Aerosol 3.58% w/w Cutaneous Spray, Solution	Tetracyclines	Oxytetracycline	4 cans	11.59	5.80
Betamax LA 150 mg/ml Suspension for Injection	Beta-lactams	Amoxicillin	300 ml	21.74	13.04

- **Antibiotic use report** shows the total amount of antibiotics used per kilogram of animal live weight on your enterprise (mg/kg)
- **Medicine use report** shows the total amount of all medicines used within your enterprise

Group Reports

- Where you have more than one enterprise within a sector, **Group Reports** allows you to view medicine use data for all enterprises

- Where you have more than one similar enterprise within a sector you can set up an **Enterprise Group** to view medicine use for the selected enterprises
